UNSTARRED QUESTION NO:3284
ANSWERED ON:10.12.2002
WATER SANITATION SCHEMES IN RURAL AREAS OF ANDHRA PRADESH
KINJARAPU YERRANNAIDU

Will the Minister of RURAL DEVELOPMENT be pleased to state:

(a) whether the Union Government have received any project proposal from the Government of Andhra Pradesh for providing infrastructural facilities like water and sanitation to primary and upper primary schools in the Rural areas of the State;

(b) if so, the details thereof and the reaction of the Government thereto;

(c) the Central share of funds under such schemes; and

(d) the steps proposed to be taken by the Government for expeditious clearance of the project?

Answer

MINISTER OF STATE IN THE MINISTRY OF RURAL DEVELOPMENT (SHRI ANNASAHEB M.K. PATIL)

(a) to (d) Drinking water supply and sanitation being a State subject, schemes for providing drinking water and improved sanitation facilities in rural habitations and schools are implemented by the States from their own resources. The Governmentof India supplements the efforts of the States by providing financial assistance under the Accelerated Rural Water Supply Programme (ARWSP).

As per Sixth All India Educational Survey (September 1993), there are 6.37 lakhrural primary and upper primary schools in the country. Out of these, 2.85 lakh rural primary and upper primary schools have drinking water facilities and 3.52 lakh rural primary and upper primary schools were yet to be provided with drinking water supply facilities. Coverage of rural schools under Accelerated Rural Water Supply Programmewas undertaken with effect from 2000 - 2001 and it was proposed to cover about 1.50 lakh rural primary and upper primary schools under Accelerated Rural Water SupplyProgramme . As per information received from the State Government till 12.11.2002, 48004 rural schools including 779 in Andhra Pradesh have been covered with drinking water supply facilities under Accelerated Rural Water Supply Programme

The powers to plan, sanction and implement Rural Water Supply schemesunder the above programmes rests with the State Governments. State are not required to seek the approval of Govt. of India for individual rural water supplyschemes including coverage of rural schools.

School Sanitation is an integral part of the Total Sanitation Campaign (TSC) andone of the major components of the TSC Programme. As per the Guidelines of the Programme more than 10% of the Total project cost can be earmarked for providing sanitation facilities in Schools. So far, 1, 67,966 toilets for schools have been sanctioned under the TSC of which 14,279 school toilets are sanctioned for Andhra Pradesh. The details of proposals received, projects sanctioned and funds released in respect of school toilet in Andhra Pradesh State released under the TSC during the last three years and tilldate, State-wise are given in Annex. The remaining proposals may be cleared as per the entitlement of the States and fulfillment of other conditions.
